Application No. 10/640,621

This letter contains notes of a telephone call from the applicant to examiner Cameron Saadat on approximately Oct 10, 2006. The call was made in reference to a letter dated 10-3-06 from the examiner in which claims 1 and 2 were rejected, but claim 2 was allowable with revisions. It was not clear to the applicant why claim 1 could be rejected based on Karkanen patent (U.S. 5,839,901). It was the applicant's understanding that the claims would be rewritten and returned to the examiner. This was done in a letter to the examiner dated 10-23-06. No final agreements were reached.

Respectfully,
